Rockwood® Olympic Retaining Wall Block

Olympic is a one or two-piece, smooth face wall system that recreates the distinctive appeal of hand-crafted stone. Its double sided blocks build vertical retaining/freestanding walls and outdoor living features with ease. Olympic's trapezoidal shape builds straight or 12' radius walls with minimal cutting. Simple, elegant and strong, Olympic creates a timeless appeal that other wall systems can't.

Rockwood® Olympic Retaining Wall Block

The Advantages of the Olympic System...

It's Fast...
Located on the underside of each Olympic 6 block is a 4" x 4" Anchor Bar that makes installation a breeze. The Anchor Bar ensures Olympic builds perfectly vertical and has the highest shear resistance in the industry.

It's Simple...
The interlocking channel on top of Olympic block provides for quick installation of retaining walls, garden walls and seat walls.

It's Strong...
Olympic Wall units are made with high-strength concrete that meet or exceed ASTM 1372 requirements, ensuring long lasting performance for and landscape or backyard retreat.

It's Versatile...
Olympic blocks make it easy to recreate the timeless beauty of a handcrafted hewn stone planter, pillar or outdoor living feature. Its patented design builds straight walls or 12' radius with minimal cutting.

Manufactured in accordance with ASTM C1372. Unit availability, color and specifications vary by manufacturer. Contact your nearest Rockwood manufacturer or dealer for more information.
